Note: This bibliography on vacation homes has primarily been compiled to address two issues: the impact of vacation homes on their environment and the design and construction of vacation homes. The following sources were consulted in compiling this bibliography: the Canadian Housing Information Centre's (CHIC) holdings, the National Library of Canada's Dortmund Bibliothekssystem (DOBIS), the Intergovernmental Committee on Urban and Regional Research (ICURR), and the Canadian Periodical Index (1971-).

Note: On a établi la présente bibliographie sur les résidences secondaires pour étudier deux questions : d'une part les effets des résidences secondaires sur l'environnement, d'autre part, leur conception et leur construction. Pour ce faire, on a consulté les sources suivantes : le fonds du Centre canadien de documentation sur l'habitation (CCDH), le Dortmunder Bibliothekssystem (DOBIS) de la Bibliothèque nationale du Canada, le Comité intergouvernemental de recherches urbaines et régionales (CIRUR) et l'Index de périodiques canadiens (1971-).
